PIGGY BACK® STACKED FRAME

Since 1976, Primos has designed hundreds of game calls to help hunters across America "Speak The Language". While we never stop finding ways improve, hunters often ask us to bring back some of our hardest-to-find premium calls. We call them Primos Select. Each call is remade with exacting detail to its original design with premium materials for proven performance in the field. It's just another way for us to say thank you for making us the call maker you trust the most.

- » 3-position legs for easy adjustments in sitting, kneeling, or standing positions

Includes:

- » Model No. 65907 - Classic Rifle Adapter

**THE ONLY SHOOTING STICKS WITH QUICK
AND EASY ONE-HAND ADJUSTMENTS!**

The Primos Trigger Stick Apex[™] with Spartan Precision Technology is built for the steadiest long-distance shot on the toughest terrain out there. Its super-strong yet lightweight carbon fiber legs deploy fast and adjusts on the fly to even the trickiest terrain with a squeeze of the trigger. The rock-solid Apex-Frame[®] design allows quick adjustment and smooth panning to keep heavier rifles on-target and rock-solid from low sitting positions to nearly 6-foot-high standing positions. Its rugged construction supports a massive 50lb load capacity. The Spartan head enables hunters to exploit the patented Spartan Magnetic Attachment System to swap quickly between different rifles as well as compact cameras and spotting optics. Features an ultra-light friction control ring for a smooth and stable 360 degrees arc of fire with a wide range of elevation, depression and cant adjustment.

SPARTAN HEAD

Versatile ball head with patented magnetic attachment system

NEW

APEX[™] Spartan Head/65904

Spartan Patent Nos. US10,808,880

- » 62" Total Height
- » 32" Folded Length to Baseplate
- » Apex™ Gun-Clamp included
- » Trigger Stick Functionality
- » Removable Mounting Plate
- » 3-position legs for easy adjustments in sitting, kneeling, or standing positions

Hunters are hunting more remotely than ever before. That means shot steadiness on tough terrain is more critical than ever before. Enter the Trigger Stick® APEX™. Its super-strong, yet lightweight, carbon fiber legs deploy fast and adjust on the fly to even the trickiest terrain with a squeeze of the trigger. The rock-solid APEX-Frame® design allows quick adjustment and smooth panning to keep heavier rifles on-target and rock-solid from low sitting positions to nearly 6-foot-high standing positions. Its rugged construction supports a massive 50lb load capacity that would crush other shooting mounts. The removable mounting plate makes switching from sighting scope to gun yoke quick and easy in the field. For great shots in the toughest conditions, Trigger Stick® APEX™ gets you there.

**THE ONLY SHOOTING STICKS WITH QUICK
AND EASY ONE-HAND ADJUSTMENTS!**

TRIGGER STICK® GUN MOUNTED BI PODS

SPARTAN
PRECISION EQUIPMENT

Ultra-light Primos Trigger Stick Gun Mounted Bi Pods with Spartan Precision Technology are sturdy, lightning quick to adjust, and manufactured with high-quality, heat-treated steel and hard alloys. The integrated Spartan Magnetic Attachment System allows shooters to connect their bi pods quickly and efficiently to their guns for fast and accurate shots. Like every Trigger Stick, Primos Gun Mounted Bi Pods adjust to your desired height with just one hand and the squeeze of the patented trigger. The Primos Trigger Stick® Gun Mounted Bi Pods are the ultimate solution for making your shot accurate no matter where you are.

*U.S. Patent Nos. 7,845,602; 8,146,876; 8,256,732;
8,469,326; 8,714,508; 8,820,693; 9,010,710;
other patents pending*

Spartan Patent Nos. EP2880352, US11,168,830

- » Trigger Stick capability on a gun mounted bi pod
- » Quick disconnect allows hunters and shooters to take bi pod on/off quickly and quietly
- » Sleek head design for ultimate storability
- » Comes in 3 different heights/sizes
- » Prone, sitting and standing models available
- » Strengthened joint for smooth panning

Includes:

- » Model No. 65907 - Classic Rifle Adapter

TRIGGER STICK GUN MOUNTED BI PODS

Ultra-light Primos® Trigger Stick® Gun Mounted Bi Pods are lightning quick, and quality manufactured with heat treated steel and hard alloys. These bi pods are quick-detachable and clamps to the adapter with a conventional stock design or a picatinny rail on a modern sporting firearm. Carrying your rifle with a sling or shooting off-hand is not impeded by the use of these bi pods. Like every Trigger Stick®, the new Primos® Gun Mounted Bi Pods adjust to your desired height with just one hand and the push of a trigger. The Primos® Trigger Stick® Gun Mounted Bi Pods are the ultimate solution for making your shot accurate no matter where you are.

*U.S. Patent Nos. 7,845,602; 8,146,876; 8,256,732;

LIL' GOBBSTOPPER SERIES DECOYS

The Lil' Gobbstopper Hen & Jake are expertly designed and field-proven to match smaller, less intimidating turkeys that make easy targets for gobblers to bully. With authentic poses and coloring, the smaller size also makes them easier to pack and lighter carry so you can get to your spot and get the action going faster! Go small or go home with Lil' Gobbstoppers!

- » Smaller profile makes easier target for gobblers to bully
- » Excellent detail and High-Definition paint that rivals more expensive decoys
- » Ultra-realistic head postures
- » Light-weight, collapsible design for easy carry
- » One-piece stake included
- » Ideal as breeding pair

CHOKE TUBES

TSS JELLYHEAD™

Introducing the Primos TSS Jelly Head Choke Tubes. Specifically designed for the all new TSS load that is taking over the turkey hunting industry. The TSS Jelly Head allows hunters to have a super-tight, evenly spread pattern allowing them the accuracy to kill even the toughest of gobblers. Enjoy the ease of installing and removing the new TSS Chokes without any tools. Available for most 12 GA, 20 GA, and .410 models.

- » 90% Pattern Density at 40 Yards
- » Designed to Shoot Hevi•Shot®, Copperplated Lead or Regular Lead

Designed to increase the range and pattern density of your favorite turkey gun! The Jelly Head Maximum utilizes an extended taper and fluted ports to tighten patterns up to 20% and reduce recoil allowing you to stop Gobblers in their tracks at even longer ranges!

We utilize proprietary Black-T coating, the same protective barrier utilized by the military's Special Forces to prevent rust and corrosion on weapons in the harshest environments, like turkey hunting.
